

Certain tasks can only be completed by users with specific roles assigned to them. Use the table below to find the role on the left and the APHIS Form number or function you are interested in at the top, where these intersect will be a list of the tasks that role can or can't do for that function. **NOTE: Employees may have more than one role. An employee with no roles will still have limited use of the NCAH Portal.** This table is continued on the next page with more tasks.
