2025 APHI 00057 F	Knight, Blair	KY Walking Horse Breeders Incentive Fund	Good morning! I'm with be Kentucky Walking Horse Breeders Incentive Fund. We are a state funded program for the past 18 years One of the rules is that any owner can not receive an HPA violation during the current show season. If they do so any award (money) is forfeited. My question is... An owner at a show in Brodhead KY (Randy Poland) was told after he showed that is horse didn't pass post inspection. He didn't receive any paperwork so I'm having trouble tracking down an actual violation to verify that he now ineligible. I've contacted the DQP at the show he doesn't have that paperwork either. Since this is a state funded program I have to make sure everything is done correctly, and I've contacted the proper chain of command before I start pulling award money. Show date is Sept, 7 in Brodhead, KY Feel free to call me at 270 350 5460 Thank you, Blair Knight. (Date Range for Record Search: From 09/07/2024 To 09/09/2024)	10/03/2024

2025 APHI 00957 F	(b) (6)	Texas Tech University	The process for animal import established by the CDC has affected me, my family, and my dog economically and emotionally. I have spent over \$5,000 US dollars on plane tickets,	10/11/2024

			hotels, fees, broker, and on Pet Limo. I handed in a healthy dog with all proofs of good health and Argos was accepted in the facility. When I received Agos after 30 days of quarantine, not 28, Argos was in terrible conditions. He could not control his urine or feces. He would walk, pee and poo. That was never the case with him. He was never bathed as agreed, and he was all cover in mats. Argos looked like an abandoned dog. Pet Limo did not give me a health certificate as I did, on the contrary they made me sign a non liability document releasing them from any harm my dog could have. Upon arriving to Texas, Argos could not eat well, he sporadically vomited and had stomach issues. The problems aggravated to the point that he pooped blood and vomited blood. Please see the doctor's prognosis of Argos state in the attachment. I am appealed how the quarantine policy is poorly implemented causing the public problems at every level. My family was separated because I was forced to return to Peru because Texas is not a port entry with animals. I had issues in my job because I could not get flights to the US now that airlines refuse to allow dogs. I paid 3,300 to Pet Limo and I have email communication with their commitment to taking good care of Argos. Yet, none of those were enacted by the facility in question. I have spent over \$400 in vet, blood work, and medicine for my dog in Texas due to the poor health condition he is in after the quarantine. I want a response for all the expenses I had to make, and for the poor service and current state of my dog. (Date Range for Record Search: From 07/10/2024 To 11/10/2024)

2025 APHI 01324 F	(b) (6)	-	I had a Winnebago County Animal Services here at my home. I was told one of my dogs barks all the time in the morning. I gave her an address of a non fixed pitbull right in back the comes up to my deck and harasses my dogs. Officer said it wasn't there house. I said no one else can see my deck. ESP if they called and said it was a chocolate lab. I have had issues for 2 years with the pitbull coming in my yard. No other neighbor can see my yard or has issues with my dogs. I would like to know who called the Animal services on my dog. I have lived here for 15 years and never had a complaint with my 14 1/2 year old Lab just passing. I have a 9 year old lab and a 2 year old lab who my mom bought before she passed last year. The officer would not tell me time of day what day etc. My labs are not on the deck all the time. I am home all day. They never have left the yard. If the pitbull house had a family member that doesn't even live there and used a random address I think I should know about it. I re set up my backyard cameras.	10/29/2024
