

## Plum Pox Regulated Articles

§ 301.74-2(a)

Last update: June 2, 2000

1. All plant material and plant parts of *Prunus* (stone fruit) species other than *P. avium*, *P. cerasus*, *P. effusa*, *P. laurocerasus*, *P. mahaleb*, *P. padus*, *P. sargentii*, *P. serotina*, *P. serrula*, *P. serrulata*, *P. subhirtella*, *P. yedoensis*, and *P. virginiana*, except for seeds and fruit that is free of leaves and other plant parts. This includes, but is not limited to, trees, seedlings, root stock, budwood, branches, twigs, and leaves.
2. An inspector may designate any other product or article as a regulated article, if the inspector determines it to present a risk of spreading plum pox, and after the inspector notifies the person in possession of the product or article that it is subject to the restrictions in this subpart.
