

South American Cactus Moth Regulated Articles

7 CFR § 301.55-2

Last update: December 29, 2022

The following are regulated articles:

- a) The South American cactus moth, in any living stage of its development.^[2]
- b) Cactus plants or parts thereof (excluding seeds and canned, preserved, or frozen pads or fruits) of the following genera: *Consolea*, *Cylindropuntia*, *Nopalea*, and *Opuntia*.
- c) Any other product, article, or means of conveyance not listed in paragraphs (a) or (b) of this section that an inspector determines presents a risk of spreading the South American cactus moth, after the inspector provides written notification to the person in possession of the product, article, or means of conveyance that it is subject to the restrictions of this subpart.

^[2] Permit and other requirements for the interstate movement of South American cactus moths are contained in part 330 of this chapter.
